MIZUKUSA WALL 60

DOOA Mizukusa Wall 60 is released!

“DOOA Mizukusa Wall 60” is newly released after changing some of the specifications of DOOA Wabi-Kusa Wall 60. By using Wabi-Kusa Mat and Wabi-Kusa with it, the ADA’s original aquatic plant cultivation system let you enjoy beautiful scenes of developing leaves of aquatic plants above water with full of natural feels on the wall. It can be used with a separately sold Super Jet Filter ES-150 Ver. 2. For this time, it is made of black acrylic instead of clear acrylic. Please use this product with DOOA Neo Glass Terra (H36) and Cube Garden 60P (W60xD30xH36cm), or install a separately sold Mizukusa Wall Stand 60, and use it with DOOA Neo Glass Terra (H23) and Cube Garden 60F (W60xD30xH18cm).
