

# ADA NATURE AQUARIUM

## Limited release of **FC TOOL TRAY GRAY**

### **FC Tool Tray Gray**

Material: fine concrete

Size: W335xD95xH22(mm)

※Pictured with Pro Scissors M, Pro Scissors S,

Pro Scissors Short, Pro Scissors Wave, and Pro Pinsettes L.

We are releasing a limited number of fine concrete trays for layout tools. The tray is thin yet durable due to the inclusion of fiber materials in the concrete. The tray's solid and simple design has four grooves to accommodate the finger holes of the Pro Scissors and the short and wave models of the same series, and various layout tools fit beautifully into it. The tray size is equivalent to our company's 30th anniversary commemorative product "FC Tool Tray", but the color is changed from "earth white" to the same tone of gray as the FC Tool Stand. This product will be on sale for a limited time only.
