

ADA NATURE AQUARIUM

COUNT DIFFUSER

Now available from NA brand

Count Diffuser is back! Due to the rebranding of DOOA, the long-awaited product is available again with the same concept from NA brand. With the diffuser and counter functions in one, your CO₂ supply routine becomes seamless. Its easy connection with silicone tube enables the smooth CO₂ diffusion more efficiently.

Please note that it is now repriced due to the increase of glass production cost.
