

ADA NATURE AQUARIUM

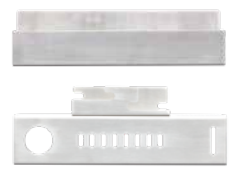

GARDEN STAND RACK 600/900

We are excited to announce the addition of a dedicated rack for the "Garden Stand 600/900" to our product lineup. This rack allows you to elegantly organize and display the cultivation tools you use for daily maintenance. Made with unpainted stainless steel, it provides a sleek, unified look when installs with other systems like Super Jet Filter or CO₂ Tower and provides a seamless full-system setup. The rack offers practical storage solutions, including space for Brighty series bottles. The perforated bottom design also allows for smart, efficient storage of AP Glass and other tools. Perfect for showcasing your aquarium equipment and the dedicated rack is an ideal complement to the Garden Stand.

Garden Stand Rack 900
W: 450mm x D: 70mm x
H: Front 50mm / Back 70m

Garden Stand Rack 600
W: 300mm x D: 70mm x
H: Front 50mm / Back 70mm
