

# Wood Cabinet Series New Color “Cool Gray”

**[Available for shipment now]**

A new color, “Cool Gray” has been added to the Wood Cabinet Series, which is an aquarium stand dedicated for safe installation of Cube Garden. The neutral gray cabinet is suitable for combination with stainless-steel products and Aquasky RGB.

\*It is resistant to water scale just like the Off White and Black because the finish is different from the matte coating of the Gun Metallic Silver.
