

DOOA, an inspiring brand, helps you enjoy aquatic plants more freely. Minimal and easy, and designed as a platform allowing everyone to nurture plants indoors. Feel closer to nature, and bring beauty into your life.

System Paluda for full-fledged terrestrial layouts

SYSTEM PALUDA

System Paluda 30 / 60

[Notice of product release]

Although the release of DOOA System Paluda and Neo Glass Paluda had been delayed due to the novel coronavirus pandemic, we are happy to finally announce that we start taking orders now. The DOOA System Paluda is an aquarium tank for Paludarium, adopting original misting system with “Mistflow” and “Circulation Fan 40”. By using optional “Power Cord S-70” and “Paluda Light”, a humid environment suitable for tropical rainforest plants can be recreated.

System Paluda 30

System Paluda 60

Neo Glass Paluda 30
Size : W30xD30xH45 (cm)

Neo Glass Paluda 60
Size : W60xD30xH45 (cm)

Special features of System Paluda

- ① Designed for easy layout and maintenance with the front doors to be widely opened.
- ② By using Power Cord S-70, it becomes possible to control environments precisely. By controlling the flow of air and the humidity which can affect the growth of plants, an environment ideal for plants can be built.
- ③ Original drainage mechanism with high absorbent sponge.
- ④ Mistflow Box on the back is removable. It can be also used as a display case for plants without the Mistflow Box.

※We will release the product with the Mistflow Box as System Paluda, and the product without the Mistflow Box as Neo Glass Paluda
