

LIFE AQUA CO2 SERIES INLINE DIFFUSER

PRODUCT INTRODUCTION

Life Aqua CO2 series - Inline diffuser is an aquarium CO2 diffuser, used to atomize CO2 into extremely fine particles to dissolve in water, specially designed for installation outside the planted aquarium. Simply attach the diffuser to the canister tube, aquatic plants can easily absorb CO2 that fully dissolved in water. Integrating the reverse osmosis ceramic tube technology and high-strength aluminum alloy and plastic structure, the diffuser can achieve excellent refining effect with safe and durable.

THERE'S NOTHING BETTER.

SPECIFICATION

Model	In line diffuser 12/16	In line diffuser 16/22
Model Number	ILD12	ILD16
Size (W x D x H) in cm	8 x 15 x 4	8.5 x 17 x 4
Weight	200 g	250 g
Suitable Filter Tube	For 12/16 Channel	For 16/22 Channel
Material (Shell)	Aluminium alloy & high strength engineering plastics	
Material (Diffuser)	Ceramic Tube
